### What is home ?

Home is the one place in all this world where hearts are sure of each other.

It is the place of confidence.

It is the place where we tear off that mask of guarded and suspicious coldness which the world forces us to wear in self-defense, and where we pour out the unreserved communications of full and confiding hearts.

It is the sport where expressions of tenderness gush out without any sensation of awkwardness and without any dread or ridicule.
